

The non-invasive, non-surgical facelift. **NATURAL*LIFT II** Beauty System is the first of its kind. During the facelift the entire body is receiving an energetic lift with thousands of frequency specific micro-currents.

The anti-aging lift firms and smooths skin by increasing elastic and collagen production.

Wrinkles, crows feet, fine lines, and cellulite are diminished by increasing nutrient delivery and cell energy (ATP) providing a youthful result.

These nanocurrents increase cell hydration, improve blood and lymph circulation facilitating toxin removal. The combined effects leave the skin smoother, firmer, and the body more vibrant.

Accupressure points for the entire body are located on the face. Surgical scars interfere with this delicate, acupuncture meridian system and can compromise the whole body's health. Many

NATURE'S*LIFT™ clients experience improved overall health and sense of well being.

NATURE'S*LIFT™ Results are enhanced by:
